21 David G. Mugar Way, Boston, MA 02114

At this meeting, DCR and The Esplanade Association will present the plans and schedule for rehabilitating the historic Lotta Fountain, including restoration of the fountain-fed basin for dogs, the conservation of the sculptural stonework, accessibility upgrades and other improvements. The improvements have been made possible through a joint effort by DCR and The Esplanade Association, who are funding the project. The project will begin in late July and is anticipated to be completed by November 2016.

The presentation will be viewable after the meeting on DCR's website at <http://www.mass.gov/eea/agencies/dcr/public-outreach/public-meetings>.
